

# Social Work **Services**

Our social worker can assist you in addressing challenges in life and breaking down barriers to health and wellbeing, including helping you **access resources and services that will make your life easier and more enjoyable**. They will help you reach your goals and connect with your local community.

Services that our social worker can provide include:

Counselling

Referrals to other service providers

Connecting to your community and building social relationships

Housing assistance

Assistance with applying for a power of attorney or enduring guardianship

Advocacy
